## **ECO-FRIENDLY CLUB**

### **Teacher Incharges:**

- Dr. Richa
- Ms. Rinkle

The Eco-Friendly Club at Lala Jagat Naryan Education College empowers students to lead meaningful environmental initiatives and projects. This active forum enables students to influence their peers, families, and local communities to adopt sustainable practices while exploring environmental concepts beyond classroom curriculum.

### **Objectives of Eco-Friendly Club:**

- 1. Green Campus Initiatives**
  - Conduct regular tree plantation drives to maintain green surroundings
  - Maintain kitchen gardens and vermin composting pits for organic waste management
  - Implement rain water harvesting systems across campus
- 2. Waste Management**
  - Promote source segregation and proper waste disposal practices
  - Recycle wet waste through vermin composting
  - Campaign against single-use plastics and improper waste burning
- 3. Education & Awareness**
  - Organize seminars, debates, and workshops on environmental issues
  - Conduct creative competitions (essay, painting, quizzes) on sustainability themes
  - Educate about menstrual waste management using eco-friendly disposal methods
- 4. Community Engagement**
  - Lead neighborhood cleanliness drives and plastic collection campaigns
  - Create awareness about reducing noise pollution (loudspeakers, firecrackers)
  - Demonstrate sustainable practices like paper conservation and upcycling
- 5. Innovative Projects**
  - Develop new programs addressing local environmental challenges
  - Implement student-led research projects on sustainability
  - Partner with local organizations for large ecological impact

The club actively transforms environmental consciousness into concrete actions, fostering responsible citizenship among students while contributing to global sustainability goals. Through hands-on activities and awareness programs; we cultivate lifelong habits of environmental stewardship.
